

Has been our "go to" company for animal handling equipment for many years. –Amy C

Love this place. Great Customer Service and Fast Delivery! Highly recommend! - Rebecca B

Where the professionals have been getting their equipment from since 1984!

Welcome to our 2018 Catalog!

Wow, another year goes by and its 2018 already. 33 years since ACES started and our commitment to you, the animal care professional, remains the same.

- To provide our clients with quality humane animal handling training and equipment;
- To continue to help those who help animals; and
- To remain the worlds premier supplier of professional animal handling and capture equipment.

You'll notice a few new items of equipment and we have marked these with a "new" sticker, and as with last year all equipment that replacement parts are available for have been marked with a "paw print". You'll also notice throughout the catalog the "thumbs up" emoji, this represents favorites of ACO's.

Please let us know how we are doing (both good and bad) as this helps us improve our services to you.

We know you have choices and it is through your support that we are able to achieve our goals and help you achieve yours. Thank you for being an ACES client, we appreciate and value your custom.

Regards

Self-defensive pepper spray, this 0.5oz bottle will spray 6—10 one second bursts. The effective range is 6—8feet. Comes with a quick release key chain. Cannot be sold or shipped to NY or MA.

- PS-10 15gm \$4.95

Super Talon Animal Catcher

This safe and humane animal catcher is the ideal system for containment of one or more animals. Each net is equipped with a series of steel grapples that lock the net around the animal/s to be captured making it virtually impossible for it to shake off the net or run far. Each kit contains:-

- Compressed air launching handle
- 4 preloaded and refillable net heads (4" mesh)
- 20 compressed air cartridges
- Spare parts and accessories for multiple rapid launches
- All packed in a sturdy metal container with impact foam insert.

Also available with 2" and 6" mesh nets at an additional cost.

- STAC Standard Kit with 4" nets \$1,686.00
- STAC-MIX Mixed Net Size Kit \$1,733.00

Humaniac™ Cat Castle (pat no. USD760,445S)

The Humaniac™ "Cat Castle" provides cats (up to 35lbs) with a safe, cozy and secure environment, thereby minimizing the stress of shelter life. The main carrier has multiple ventilation holes and a "drawbridge" that allows the carrier to be closed off or open. This permits the cat to exit or enter when it feels comfortable to do so, allowing it to become familiar with its surroundings at its own pace. The attachable "turret" turns into a viewing platform or a sentry point so they can see what is going on around them. It also provides a separation point from the main carrier, but still within its own scent areas. This provides the cat with options, (hiding, stalking or resting) helps promote natural feline behavior quickly. These features help the cat feel safe and secure not only in the shelter but also in the transitioning period to their new forever home. When erected as a carrier the dimensions are; 16" L x 11 1/2" W x 14" H (internal dimensions are 16"L x 11 1/2"W x 9"H). When the turret is attached the dimensions are 16"L x 11 1/2"W x 18"H.

GC-B \$11.54

NON LEATHER GLOVES

Humaniac™ V-Pro Safety Gloves (non leather)

You asked for it, and we are so proud to now offer a leather alternative. Our V-Pro Safety Glove is manufactured from all synthetic material with a three layer level of protection; outer layer is a synthetic leather, center layer is a level 5 cut resistant fabric and the inner layer is Kevlar®. The V-Pro Safety Glove offers hand and arm protection from bites and scratches with a 14" long gauntlet. We have reinforced the common "bite zones" for added protection and with an added bonus of touch screen capabilities for smart phones.

The V-Pro Safety Glove does not compromise protection for flexibility and dexterity. You will be able to practice safe restraint techniques with the V-Pro Safety Glove.

V-ProS	Small	\$112.50
V-ProM	Medium	\$112.50
V-ProL	Large	\$112.50

Note about our Humaniac™ Animal Handling Gloves— each pair of gloves have designed to allow you to practice safe and humane animal handling techniques. Our gloves will offer you added protection and reduce the severity of injury if it does occur, please consider the following before deciding on what type of animal handling gloves you need:-

- What animals do I mainly handle cats, dogs, birds other animals?
- Is dexterity more important?
- Do I require more crushing bite protection?

These answers will help you to determine which gloves will work best for you. Should you need help, an ACES Representative will be able to advise you PH: 800 338 2237.

*Remember **no glove** should ever be considered BITE PROOF, and should be used with commonsense and caution!*

The DogTidyTM COMPANY

#1@pickingup#2

Pet Waste Pick Up Solution!

The environmentally-friendly Dog Tidy feces collection system is the most widely-used collection bag system in the world—for good reason! The bags are super-strong and roomy and completely degrade in months, not years. Each bag has printed instructions, can be securely tied for cleanliness and odor control, and is the largest collection bag of its type. Bags come 200/roll with 10 rolls per carton (2,000) bags per carton. The dispenser holds a roll of 200 bags and releases just one bag at a time. It is made from powder coated extra-heavy aluminum for a lifetime of durability. Designed for mounting to a broad range of post types with built-in tamper-proof lock to reduce vandalism. Dispensing instructions are printed on top.

We offer a SPECIAL PRICE for a “Start-Up Kit” of 1 dispenser and 1 carton of bags for \$99.50 delivered.

Food Scoop—2 Cup

Made with Microban that will help to prevent the growth of odor and stain causing bacteria that can ruin the animals' food in your facility. Includes indicator lines for accurate portion control.

- D-FS \$2.50

Interactive Cat Feeder

This is a revolutionary way to turn a cat's meal into a challenging game. Many cats in shelters lack mental stimulations which can lead to boredom and destructive behavior. Catch will help stimulate natural cat behaviors and reduce boredom in confined cats. By significantly prolonging the cats eating time, will result in a happier, healthier cat that can enjoy the taste of its food. Simply scatter the desired amount of food across the feeder and then the cat uses its paws to push or grab the food between the smoothly rounded spikes to eat. Dishwasher safe. Size 11.5" x 9.0" x 3.2"

- IFC.....\$34.99

Stainless Steel Litter Pans

This standard weight, economy pan is made from 18/825 gauge stainless steel with straight sides. For the ultimate in durability, these pans will last!

Cage Cards

These durable, double-sided cage cards will outlive any regular paper cards around. Use colored pens to code cards for strays, adoptions, caution, etc. Water resistant. Call for a Free sample! 100 cards per pack.

- CC-353" x 5" \$8.40
- CC-464" x 6" \$8.40

Boomer Ball

This is the ultimate tough toy! Perfect on land or water for all those ball obsessed toy destroyers. Made from polyethylene which makes it virtually indestructible, it is designed to not be picked up by the dog (Boomer Ball should be a size bigger than the dog can carry).

- BB-L 8" Ball \$23.88
- BB-XL 10" Ball \$29.75

Humaniac™ Scratch Bricks

Our double sided Scratch Bricks, double the life of the brick and save you money! Designed to help you reduce the stress for confined cats in your facility. The "bricks" attach securely to cage bars and encourage cats to perform natural behaviors like scent marking, cleaning their nails and exercising their paws. Most scratch pads are single sided, but our Humaniac™ Scratch Bricks are two sided so you get twice the use. Made in the USA from at least 30% recycled material. Some assembly required.

- SB-HK..... 25 Scratch Bricks..... \$33.50
- SB-K 50 Scratch Bricks..... \$42.00

Fabri-Form Pet Beds

This is an ideal solution for concrete floors and drafty kennels. They can be used with blankets, towels, and carpet samples. The 30"x 30" x 8" high-density molded polyethylene beds will accommodate most dogs. Great for whelping beds. Only available in green or brown now.

PB-30..... Fabri-Form Pet Beds.....\$69.85

Perla Cat or Dog Bed

An excellent quality molded plastic bed for cats or dogs. High molded sides offer protection from drafts and provides a feeling of security. Edges are rounded so the animal can rest their heads comfortably. Vents in the raised floor bottom to promote air circulation and evaporation. Hygienic and easy to clean. Great for kennels, shelters or the home. Available in assorted colors.

PB-24.....(24"x14"x9").....\$37.50
 PB-32.....(32"x18"x11").....\$45.50

Kennel Deck

An economical and spacious platform to get dogs off cold concrete. 2'x4' platforms can be snapped together to create larger sizes. KennelDeck is molded from a very tough plastic and is easy to clean and disinfect. Not harmed by urine, feces, or chemicals. It lies flat on the floor and the dogs love it.

Kennel Grid Matting

12" X 12" squares of non-slip, vinyl grid matting that snap together to make larger mats or can be easily cut to fit exactly into any cages, truck cages, carriers, etc. Allows liquids to pass through while keeping the animal dry. Has no texture to hold contaminants and is easy to clean and maintain. KennelGrid is impregnated with Vinzyne anti-microbial agent for greater disease protection.

KG-1B Blue..... \$4.49
 KG-1E Eggshell..... \$4.49

Strong Benches

The ultimate in durability & attractiveness. They feature two-wall construction with an insulating air core for maximum comfort and strength. Extra-heavy duty polymer construction.

SI-SG 18x31x4 Granite \$59.95

Stainless Steel Caging

ACES is pleased to offer a fine line of very economical stainless caging to fit your budget. Our cages are made in specific size increments so you can build cage banks to exactly fit your space requirements. These stainless cages feature our popular positive door latch for secure closure and locking. There is no center post on double-door cages. All cages are 100% stainless with no carbon steel to ensure there is no rusting. All cages are 28 1/2" deep, only the height and width changes. Visit our website www.animal-care.com for a complete listing of sizing and pricing or call an ACES Representative on 800 338 2237. Pricing starts at \$275.00 per cage.

Plastic Caging

A cost effective alternative for shelters and kennels on a budget. These single or caging units are corrosion-resistant and constructed from materials for durability and sanitation. Featuring:-

- *One piece, rotationally molded polyethylene eliminates stress points and adds overall uniformity and rigidity;
- *Plastic material resists stains, daily exposure to disinfectants, and making clean up easy for shelter staff;
- *Urine retaining lip catches spills; and
- *Stainless steel doors and hardware.

Call an ACES Representative to discuss your particular needs and the many options available.

SHELTER NEEDS

Animal Enclosures

ACES is proud to offer this line of modern cat, dog and wildlife enclosures which are receiving rave reviews from shelters and kennels everywhere. Every size from individual cages through condos to large colony cages is featured. Heavy-gauge, PVC coated wire mesh, polyethylene floors, framed with square PVC tubing. Quick and easy assembly with hidden connecting hardware. Easily cleaned and disinfected, and lightweight for easy moving. Visit our website www.animal-care.com for a complete listing of sizing and pricing or call an ACES Representative on 800 338 2237.

Call an ACES Representative to discuss the many options and upgrades that are available with these animal enclosures.

DISEASE & ODOR CONTROL

The control of infectious diseases in animal housing facilities is a difficult and complex problem. Animal shelters are especially difficult, due to the unknown disease background of animals entering the facility. The solution to the problem of disease transfer within a facility must be multi-faceted. No single product or approach will make the problem go away. This is why we offer you more than one solution to help keep your facility disease free.

Eliminate offensive odors; such as skunk, urine, feces other repulsive, putrid or rancid odors up to 30% more effectively. Just one to two sprays will eliminate offensive odors for up to twelve hours. Non aerosol formula. Available in four scents:- Pomegranate, Apple, Citrus and Icy Fresh.

HT-SS 1pint\$22.00

WYSIWASH

An inexpensive and safe disinfectant/deodorant that employs the same disinfecting principles as bleach but without the harmful side effects. Wysiwash is a chlorine-based (calcium hypochlorite as opposed to the sodium hypochlorite found in ordinary bleach) disinfectant. It has a near-neutral (close to water) pH which means it is safe around animals, humans and all surfaces.

WW-A Applicator unit.....\$129.95
 WW-C Caplets (9 per pack).....\$46.95

Trifectant Disinfectant

Trifectant is effective on a broad range of bacteria, viruses (including pan leukopenia, coronavirus, and parvovirus), and fungi (including ringworm). It can be applied by brush, mop, or sprayer. The ingredients create a non-corrosive acidic environment for maximum cleaning and disinfection. One 10 lb. pail makes 123 gals. of prepared solution. One pre-measured tablet makes a 16 oz. bottle; the solution is effective for 7 days. It can be used on all surfaces including inside vehicles and cages, as a surgical cold-sterilant and exam table disinfectant, and is effective on porous surfaces such as wood.

TR-10 10lb Pail.....\$160.00

 HT-302 ... 30 Gallon Drum \$690.00
 HT-552 ... 55 Gallon Drum \$1,155.00
 HT-55G

KennelSol

This popular quaternary disinfectant kills the broadest spectrum of animal pathogens (viruses, bacteria, and fungi) in the industry with the highest level of safety for both animals and humans. Dilution ratio, 1:64 (2oz/gal), provides pH neutrality and non-corrosiveness at the recommended ratio. Rinsing is not required. This disinfecting detergent is mixed with a wintergreen odor control agent, leaving only a subtle, "fresh air" smell. Pumps are sold separately.

KS-P..... 1 Pint \$7.95
 KS-PS..... 12 x 1 Pint Bottles \$82.50
 KS-GC..... 4 x 1 Gallon Bottles \$109.95
 KS-5P..... 5 Gallon Pail \$125.85
 KS-30D 30 Gallon Drum \$552.99
 KS-55D 55 Gallon Drum \$871.10

KennelSol High Concentrate

The same quaternary disinfecting power as regular KennelSol, with slightly lower amounts of detergent and wintergreen odor control. A 1:256 (1/2 oz./gal.) mixing ratio means four times the usable disinfectant. Recommended for facilities that require less cleaning or odor control on a daily basis but where a high level of disinfection is desired.

KS-HC5 5 Gallon Pail \$237.50

DISEASE & ODOR CONTROL

must for maintaining healthy, biologically active septic systems. Billions of aggressive enzyme-producing bacteria combined with fortified enzymes and a natural grease-cutting surfactant that liquefies waste and keeps drains clear and odor-free. It is completely organic, biodegradable and safe around animals. We recommend using two ounces in drains every two weeks or more often if needed. This should also be adequate for septic maintenance if you are using KennelSol as your disinfectant.

KS-ABD 4 X 1/2 gallon bottles.....\$98.40

LaundraPet

A premium pet laundry detergent with triple cleaning power to remove stains, heavy soil and odor from garments and textiles. Low sudsing and contains more than three times the cleaning strength compared to conventional laundry detergents. 2 oz. per wash load. Yields up to 50 washes. It is safe and effective for laundering uniforms, scrubs, surgical towels and drapes, bath towels, beds and

Boot Bath

The "Boot Bath" is the perfect solution to help eliminate cross contamination within your facility. The 2" raised walls will hold 1+ gallons of disinfecting solution (**do not use bleach**) and will also reduce splash. The aggressive rubber fingertips on the base of the bath will help scrape the bottom of boots and remove any foreign or disease carrying matter. AFM-BD3239 \$123.99

Poop & Moose Scoops

All aluminum two piece scoop set. Use the plain pan on all solid surfaces and use the toothed pan on gravel and grass. Moose Scoop has a 10" scoop pan and the Poop Scoop has a 5" pan. All pans have a 3' handle.

- PS-M.....Moose Scoop Silver \$29.50

- FS-HE.....60" Extension Handle Only (FS-22B) \$45.00

Professional Training For All Animal Care Professionals

Humane Animal Handling & Capture Training of dogs, cats, snakes & common small mammals.

This is a one full day in-house course presented by our Master Trainer, Mr John Peaveler. John will bring all the necessary equipment to successfully train your staff with all the skills needed (and more) to safely, compassionately and effectively handle dogs, cats, snakes and common small mammals.

This is no “one size fits all” type of training—it’s

informative, fun and interactive! We’ll speak with you in advance so that in addition to handling foundations, there will also be an emphasis on your particular needs for your organization.

For more information or pricing please contact an ACES Representative on 800 338 2237 or via email aces@animal-care.com or you can also visit our website www.animal-care.com

Our Day With John

“Relevant, practical and above all very dynamic, the training on animal handling and capture of domestic animals and wildlife has proved to be a real asset for our organization. Demonstrating a lot of pedagogical qualities and remarkable enthusiasm, John knew how to keep people curious and dynamic from beginning to end. With all his stories, real-life experiences and challenging situations on the ground, John has kept us captivated and motivated to learn. This training gave us the opportunity to understand and learn several safe and animal welfare-friendly alternatives to capture and handle animals in many various circumstances as well as in our shelter. We are proud to say to our customers and our citizens that our employees are trained in this way. We are convinced that it increases the safety of our employees and our animals as well as restoring confidence in the daily tasks of our staff. The Montreal SPCA recommends John's expertise and training to all organizations interested by the importance of safety and well-being in their animal operations”.

Jade - Montreal, Canada

"I recently attended the class given by John on safe animal handling and capture. I thoroughly enjoyed the class and learned so much! I already knew about some of the equipment that was available, but he introduced a lot of equipment that I had never seen before. He also explained how to properly use everything and what equipment was best in different scenarios. He was extremely knowledgeable and was able to answer all the questions we had. I've already began using some of the techniques we were taught in my daily work with handling animals and they have made a huge difference."

Derra - Colorado Springs CO

A Note About Chemical Capture & Remote Drug Delivery Systems

ACES specializes in the complex field of Chemical Capture and Remote Drug Delivery Systems—involves using drugs delivered by pole syringe, blowpipe or “tranquilizer gun” to capture an animal that cannot be captured by any other means or inject medications into the animal. We offer three types of delivery systems :-

Gun-Type Projectors

These vary widely in their performance, cost and gentleness on the animal. Gauge-based CO₂ projectors are generally preferred for most applications up to about 60 meters. Cartridge-fired projectors can be useful for longer ranges (though some CO₂ rifles give outstanding long-range performance). Pistols are for shorter distances and have a more gentle impact. Be sure to select the very best projector you can afford and try always to select a projector that has variable muzzle velocities.

Blowpipes

Blowpipes are useful in short-range distances up to about 10 meters (longer for Dist-Inject Long Range and TeleDart Blowpipes). Accuracy depends on practice and the skill of the user. Blowpipes are very gentle and economical implements to deliver drugs to an animal over short distances. A humane and cost effective alternative to the conventional dart gun.

Pole Syringes

Pole syringes are a useful extension to allow the injection of immobilizing drugs or medications (such as antibiotics) at a distance from the animal equal to the length of the pole. If an animal is caged or at a very limited distance, a fixed-length pole may be adequate. For most applications we recommend an extendable pole such as the Zoolu or Dist-Inject Automatic where sections can be connected for further reach. You need to be sure that your syringe capacity will accommodate the required drug volume.

For more information on delivery systems please contact an ACES Representative on

PH: 800 338 (ACES) 2237

or via email aces@animal-care.com

CHEMICAL CAPTURE

TeleDart—20 Year Warranty on Pistols & Guns

RD-206 Pistol Air or CO₂

This injection pistol is available as CO₂ or Air device. It can be plugged together very rapidly. Easily transported. Its function is very simple and safe. Solidly engineered and made of aluminum with an effective range of 30m. Can be ordered in left or right hand version. When adding a prismatic rail (optional), the mounting of a scope, red-dot, or laser sight is possible.

TD-RD206CO2CO₂ Charged Pistol Kit\$650.00

TD-RD206AIRAir Charged Pistol Kit.....\$650.00

RD406 Pistol

Similar in design to the rifle without the shoulder stock and incorporating a smaller pressure chamber for shots 3 to 30 meters. Supplied with a 11mm barrel unless another size is specified.

TD-RD406.....Pistol Kit\$1500.00

RD706 Rifle—CO₂ Injection

Low noise and very robust injection rifle with a noticeably low impact energy. The continuously variable pressure regulation is adjusted by a rotary knob and able to be varied quickly during aiming. Supplied with a 11mm barrel unless another size is specified.

TD-RD706.....Rifle Kit\$2250.00

Darts & Needles

Darts—High-impact, lightweight medical polymer construction. 11mm darts available in 1, 2, 3, and 5cc capacities. Larger caliber 13 mm darts available in 5, 10, 15, and 20cc capacities. Needles - superbly crafted from German medical stainless and feature an innovative hub design that matches the darts for excellent needle retention. Can be used on almost all manufacturer's darts. Side eject via two side ports. Silicone sealing sleeves slide back on impact to allow injection. Both plain and collared needles available in 1.5mm and 2.0mm diameters – from 20mm to 60mm lengths.

Blowpipe Kit

All our TeleDart blowpipes come in a complete kit including:

- The Blowpipe
- Nylon protection/transport bag with pockets
- Cleaning Tool & Needle Removal Tool
- 15 Blowpipe Darts with needles
- Training Needles
- Dart Loading Kit
- The TD-B26 Kit includes 7 x 16 mm stabilizers

TD-B1111mm\$240.00

TD-B1414mm\$240.00

TD-B1616mm\$270.00

TD-B11EXTExtension Barrel 11mm\$86.00

TD-B16EXTExtension Barrel 16mm\$115.00

For a complete listing of TeleDart Products including pricing dart/needle sizes, optional extras & accessories visit our webstore www.animal-care.com or call an ACES representative on 800 338 2237

Pneu-Dart Darting Systems

X-Caliber Gauged CO₂ Fired

Constructed of machined aluminum with an elements resistant satin finish, the X-Caliber will deliver both 11mm (with optional barrel insert) and 13mm darts accurately. Complete with 3x9 scope and aluminum gun case. Operates on 12g CO₂ cartridges or included rechargeable CO₂ cylinder. Pressure gauge is easily located while you're aiming.

ACES-XC Black \$1,935.00

ACES-XCCM. Camo \$1,935.00

Model 178B Air Fired

A breech loading projector, is an air rifle designed for the person who has limited or occasional use for an immobilizing gun. Its design is simple yet effective.

PD-178B Rifle Only \$351.00

Model 190B Air Fired

This short-range projector is an inexpensive emergency-type projector. Not recommended for darts over 3 cc.

PD-190B Pistol Only..... \$275.00

Pneu-Dart Blo-Jector Kit

With Type 'P' darts, this economical Blo-Jector device can be effective from 1 to 30 ft. and is very simple to use. It is an ideal tool for the person with occasional, close-range use, such as animal shelter and zoo personnel, veterinarians, and individuals who have deer penned. With the proper drug, animals from the size of monkeys to steer can be successfully immobilized. There is minimal bruising or tissue damage because dart impact is very light.

PD-BP \$70.00

Remote Drug Delivery Devices

Pneu-Dart Type 'C' Darts are .50 caliber and are designed to provide precise drug delivery in a convenient, inexpensive projectile. These darts are appropriate for use on small or large animals. Color coded in orange, Type 'C' darts are best used with our cartridge projectors. These darts are used with Models 196 and 389.

Pneu-Dart Type 'P' Darts (color coded in yellow) are for use with our CO₂ Air projectors and Blo-Jector. As with the Type 'C' darts, these darts are appropriate for use on small or large animals. These darts are used with the following Pneu-Dart Model Projectors: X-Caliber Gauged Projector; X-Caliber Gauged Pistol; ,178B and 190B.

Pneu-Dart Type 'U' Darts are our most versatile and universal tail design for Pneu-Dart and non Pneu-Dart Projectors. Type U tails have been created to support 1/2cc – 5cc darts in conjunction with projectors not manufactured by Pneu-Dart. Type U tails for 6cc – 10cc darts are our standard tail design for any projector.

We have a large inventory of Pneu-Dart RDD's, please call an ACES Representative to discuss your needs

CHEMICAL CAPTURE

Pole Syringes, are a simple, reliable means of medicating, vaccinating or tranquilizing animals at a distance.

Zoolu Pole Syringe

This fully anodized aluminum pole syringe extends from 2' to 8- 1/2' & fits through almost any trap or cage mesh. It uses Monoject syringes and features the unique Syringe Guard, that keeps needles from bending and controls penetration depth. Complete Pole Syringe includes (4) 2' sections; 1 head; 1 syringe; 1 syringe guard. Spare parts are available.

- ZPS-03 3ml \$185.60
- ZPS-06 6ml \$288.95
- ZPS-12 12ml \$291.50
- ZPS-20 20ml \$320.85

Dist-Inject Automatic Pole

A gas-charged pole that injects instantly but gently, as soon as the needle enters the animal, the injection begins and is completed in about half a second. Overall length is 45".

The syringe automatically discharges because of a steady butane gas charge in the pole (included). Will not go off prematurely. Holds up to 5 ml. Spare Parts are available.

- DIS-PS Complete Unit \$350.00

X-Tender Pole Syringe

The X-Tender telescopes up to 8-1/2' and uses disposable 12cc Monoject syringes. Comes with needle guard and 12 needles. Not for use on animals under 40 lbs.

- XPS-12 X-Tender Pole Syringe \$129.00

Safety Stick

The Safety Stick has a plunger activator built into the length of the pole that allows the operator to set the needle in the animal and then inject the drug by pushing on the plunger. Less trauma, less pain, more control and reliable results are assured with this pole syringe. Uses replaceable 3 cc Monoject syringes.

- JPS-03 Safety stick 3' pole \$136.00
- JPS-04 Safety stick 4' pole \$170.00
- JPS-06 Safety stick 6' pole \$190.00

Hi-Density Target
 Made from DuPont Ethafoam® our 2'x2'x2" targets are perfect for practicing with all types of darts. Face with paper bullseye targets.
 PRO-T \$49.00

Pneu Dart Target
 Designed to work well with Pneu-dart darts, these heavy canvas targets last a long time, are very economical and can be used with other darts as well. They are included in every Pneu-Dart kit but can be ordered separately as well.

- PD-T \$14.00

Pricing Policy

Pricing of source materials can alter at any time. All prices are correct at the time of publishing but are subject to change without notice. We recommend that all pricing be confirmed before ordering. Check www.animal-care.com or call 800 338 2237 for all current pricing.

Return Policy

Examine all new purchases immediately upon receipt. Note any defects or problems. Contact ACES immediately about any problems/defects. We are happy to exchange goods that are defective. All claims must be received within 30 days of receipt of goods. Return of non-defective goods are subject to a restocking fee. Custom or Special Orders cannot be returned.

Shipping Information

ACES typically ships worldwide using Fedex but we are happy to work with other transporters. Residential/Commercial shipping rates are based on whether the delivery address is in a "residential" or "commercial" zone. Please advise accordingly so we can apply the lowest applicable rate to your shipment. **International Orders:** - Are normally subject to both customs duties and brokerage fees, these fees are on top of your invoiced amount and is the responsibility of the client. Please check on these before ordering and advise us how we can minimize them for you. All overseas deliveries are required to be paid in full prior to shipping, unless prior arrangements have been made.

Sales Tax

Under current US and State Law, ACES charges sales tax to orders shipped to Colorado addresses (unless exempt).
